## ABOUT CONFERENCE

*In today's dynamic global landscape, higher education stands as a cornerstone of societal progress and individual empowerment. It plays a pivotal role in equipping individuals with the knowledge, skills, and values necessary to navigate a complex world and contribute meaningfully to society. However, the landscape of higher education is continuously evolving specially after NEP 2020, shaped by the demands of an interconnected world, rapid technological advancements, and pressing challenges related to sustainability and social equity.*

*Guru Ramdass College of Education recognizes the transformative potential of higher education after NEP 2020 and its crucial role in shaping not only the minds of future generations but also the trajectory of nations and the planet as a whole. With a firm commitment to fostering excellence and innovation in higher education, we are delighted to announce the National Conference on "Transforming Higher Education for Sustainable Development: Innovations, Challenges, and Opportunities," scheduled for November 21, 2023.*

## OBJECTIVES:

The primary objectives of this conference are as follows:

- **Exploring Innovations:** To delve into innovative practices in teaching, research, and administration within higher education that can align with sustainable development goals.
- **Addressing Challenges:** To identify and discuss the challenges and barriers hindering the transformation of higher education institutions into dynamic centers for sustainable development.
- **Seizing Opportunities:** To highlight opportunities and potential collaborations among diverse stakeholders for achieving excellence in higher education with sustainability at its core.
