

Event Report

Vividha Social Science Club Represents Video Presentations on “*Environmental Degradation Issues in G20 Countries and Solution Strategies*”

Name of the Activity:	Video Presentations on “<i>Environmental Degradation Issues in G20 Countries and Solution Strategies</i>”by Vividha Social Science Club		
Theme of the Activity:	To sensitize and create awareness about the Environmental Degradation Issues in G20 Countries by means of Video presentations and to foster discussion on potential solutions.		
Activity Date(s):	1st and 2nd June 2023	No. of Participants:	60

Brief Description of the Activity:

“The Earth does not belong to us: we belong to Earth.” – *Chief Seattle*.

The Environment plays a significant role to support life on Earth. And we play a major role to save, maintain and respect it. With this rationale in mind **Guru Ram Dass College of Education**, provided a platform to students on the occasion of **SST Day** by members of **Vividha Social science club**, to showcase **Video Presentations** themed “*Environmental Degradation Issues in G20 Countries and Solution Strategies*”. The purpose of videos creation was to create awareness and sensitivity about environmental issues with respect to each G20 Country with emphasis on ,“*The world is One Family*”. **Sub Themes of Video Presentation:**

1. G20 Country’s-
 - Geographical Information
 - Political, Social and Economical Information
 - Nationality/Ethnicity of the People
 - Environmental Degradation Issues and Solution strategies.

In this mainly Pedagogy of Social Science students of first year were involved for which all the instructions and guidelines for the presentations were intimated two weeks before the commencement of the event. On the day of the event students enthusiastically started the event with a brief overview about the G20 Countries and need to address Environmental Issues. Followed by the video presentations which were comprised of:

1. **Brief Introduction** about the Nations and Environmental Issues.
2. **Exploring the Social- Economical factors that contributed to environmental degradation** in the given G20Country.
3. **Successful political Governance that can help in initiatives implementation** in the G20 Country for potential and positive change.
4. **Case Study**, providing detailed information and relating the points mentioned above with every **G20 Country’s Environmental Issue and solutions for the same**.
5. Concluded the videos with a **Call to Action**, encouraging attendees to actively participate in the environmental conservation efforts everywhere, as Whole World is a family, VasudhevaKutumbhkam

.All the Video Presentations were evaluated on a Rubric by the Judges/ **Teacher Incharges: Dr. Arti Bhatnagar&Ms. Manvinder Kaur**

All the videos were well-received by the attendees. Everyone was eager to know more about each G20 country and as a fellow Earth inhabitant, felt this urge to save it from further potential damage. Feedback on the video presentations, style and content shared through the videos was provided to all the attendees. Their motivation for this research work and enthusiasm for the event was well applauded.

Truly, these amazing knowledge-rich videos successfully sparked conversation, encouraged critical thinking,and motivated individuals to take action and be sensitive towards creating a sustainable future. One of the G20 Goals as **“One Family, One Future” VasudhaivaKutumbakam under the Indian Presidency and World together as One Family.**
